XINSURANCE

In our ever-changing world, you should take a moment and check what kind of protection you have in place. XINSURANCE will address any gaps in coverage due to evolving trends, change in lifestyle and activities, and more.

Liability Exposures

You should double check and compare protection against your existing coverage, emerging risks, trends, stability in the marketplace, personal liability exposures, and more.

THE XINSURANCE DIFFERENCE

People are filling up courtrooms across the country in an attempt to hold others individually responsible for mishaps, mistakes and even well-intentioned actions.

XINSURANCE is specialty liability insurance coverage. It is designed to protect you and your assets if an incident or claim occurs while at home, work or play. XINSURANCE provides insurance protection, a partnership approach, and a defense if you are named personally in a lawsuit.

AVAILABLE COVERAGES

- > **FIREARMS LIABILITY**
(Open & Concealed Carry)
- > **LEGAL LIABILITY**
(Accidental Discharge)
- > **BOND PAYMENT**
- > **CIVIL SUIT DEFENSE**
- > **LEGAL DEFENSE** *(Provided up until a court of competent jurisdiction enters a finding of guilt, at which time no further coverage is available under the policy and we will seek reimbursement for the cost of the legal defense.)*

FIREARMS LIABILITY PROTECTION

Responsible people like you who are licensed to own a firearm understand that it is imperative to have a safety and liability protection plan in place. Traditional insurance policies can severely limit or exclude coverage when handling a firearm, which could leave you exposed to serious individual liability risks.

XINSURANCE provides a review of your activities/risks and offers customized individual liability insurance for gun owners, instructors, trainers and others involved in firearms activities and instruction.
